PROPERTY RIGHTS STATEMENT

We, Karl S. Beers and Charles L. Anderson, citizens of the United States of America residing at 144 Westdale Road, Upper Darby, Pennsylvania 19082 and 101 Maplewood Lane, Wilmington, Delaware 19810, respectively, hereby declare:

That we made and conceived the invention described and claimed in patent application:

Serial No. 09/107,141, filed in the United States of America on June 30, 1998, titled MULTIPLE ASM OBIGGS WITH DIFFERENT PERMEABILITY AND SELECTIVITY MEMBRANES.

I. That we made and conceived this invention while employed by American Air Liquide Corporation. That the invention is related to the work we are employed to

perform and was made within the scope of our employment duties; That the invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of American Air Liquide Corporation.

IV. The invention was not made (conceived or first actually reduced to practice) under nor is there any relationship of the invention to the performance of any work under any contract of the National Aeronautics and Space Administration.

We declare further that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
